

An Open Letter to the Friends and Family of Benjamin D.!!

We are sending this wonderful announcement to you because you have all touched Benjamin's life as well as our family's in many different ways. We recently got a letter from Mesa School District telling us that Benjamin was nominated by his incredible teachers, Karen Scullion and Nancy Babos, to receive a very special "Student of the Year" Award only presented to a small handful of students in the district. Wouldn't you know, he was chosen!

We are so thrilled for him to receive this honor. We know that he is a pretty amazing boy, but we don't take all the credit. He has had lots of help from all of you, too. Some of you have known Benjamin since he was born and have seen and helped with his miraculous progress through the years. Benjamin is a product of the love a family and wonderful friends. For this impact you have been, we are grateful and are so excited to share this wonderful news with all of you.

The Awards Ceremony was held on May 9, 2008 at the Mesa Convention Center. Thank you for all the hands and hearts that have helped Benjamin get to where he is and for the continued love and influence you all provide to help him (and us) keep going!

Love and gratitude,
Dan & Kristen D.
Parents of Benjamin
