October is National Disability Employment Awareness Month. We celebrate the contributions and build awareness of individuals with disabilities in the work place. The unemployment/underemployment rate of individuals with disabilities is more than double of individuals that are non-disabled. TCH provides jobs and job training for all levels of abilities. TCH is an AbilityOne partner. AbilityOne creates job opportunities and training through the Federal Government. TCH provides services at many of the military institution in Arizona. This year we are excited to celebrate on of our employees that has been working on our contract at Luke AFB for 30 years. Charles works on our custodial contract and is an important part of the team.

About TCH

TCH is a 501(c)3 not-for-profit that supports adults with disabilities. Since 1967 we have been fulfilling our mission; providing opportunities for individuals with disabilities, which we accomplish by offering supports in the following areas: group homes, a day program, transportation, home based services and employment services. TCH supports and services are designed to help our supported individuals engage in all aspects of life. We want to change attitudes of society from seeing “a disabled person” to seeing “the person” and recognizing them for the contributions, they make to society.
